

Typhoon™ Spindle & Display Unit Warranty Frame Repaired/Refurbished Unit

The manufacturer warrants that its repaired/refurbished Spindles are to be free from defects in material, design and workmanship under proper use. Maintenance and service, for a period commencing from the date of invoice referenced by the Spindle Serial No., is valid for 200 working hours or until 6 months from the date of invoice (whichever comes first).

- Warranty does not apply to worn-out bearings.
- Claim of defect must be issued by returning the spindle in its original packaging accompanied by a written claim form; with an explanation of the malfunction, inclusion of the spindle serial no. and a copy of the product invoice.

Repair and Refurbishment: Typhoon Spindle and Display Unit Warranty Frame

A Spindle that has undergone repair by the manufacturer not within the warranty cover terms and/or valid time-frame, shall be entitled to a limited warranty period of 6 months from the invoice date; all warranted repairs must be performed by the manufacturer as the sole certified entity. Using any repair service other than a manufacturer authorized rep, will immediately terminate the warranty; validity, scope and terms.

Performance on refurbished units:

- Runout up to 5µm
- Balancing level up to 3mm/s

The repaired/refurbished spindle warranty is subject to the same restriction terms as equally applied and specified for the “New Typhoon Spindle and Display Unit Warranty Frame”.

This warranty document supersedes all and any previous warrant policy information published by the manufacturer, including warranty assurances and conditions stated in the product User Manuals. The manufacturer reserves the right to make changes in products or specifications at any time, without prior notice.

This warranty shall not apply to:

- Claims or damage resulting from customer or third party repairs or modifications to the product, or other circumstances beyond the manufacturer's control.
- Claims or damage due to non-compliance with recommended installation, operation and maintenance procedures, as specified by the manufacturer, including, without limitation; abuse, neglect, misuse of the product by the customer, its agents, employees or contractor.
- Damage resulting from operation of product not within the working parameters and working environment it was designed for.
- Claims or damage resulting from the use of third party replacement parts.
- Any direct or indirect loss, consequential loss, personal injury or damage to property, loss arising from interruptions or delays in production.
- Claims or damage resulting from buyer's non-compliance with applicable laws, regulations, codes or by-laws, and standard industry practices.

Transfer of Warranty

Spindles are only covered under warranty to the original buyer of the spindle and this warranty is non-transferable to, and may not be enforced by, any third parties, including, but not limited to; subsequent buyers, users or assignees of the spindle.
