

# Plan to attend It.Te.Di.'s/Ingersoll's Seminar on High Speed Machining

## *Where:*

Ingersoll Cutting Tools, 845 S. Lyford Rd., Rockford, IL 61108

## *When:*

June 20: 8:00am-5:00pm & June 21: 8:00am-noon

## *Cost:*

No Charge.

## *Lodging:*

Provided.

## *Lunch & Dinner:*

Provided.

## *It.Te.Di./Ingersoll Seminars*

We believe that the proper selection and application of cutting tools is just as important as building quality cutting tool products. Our High Speed machining seminar will place special focus on the demands of machining high volume, tight tolerance components commonly found in the automotive, aerospace and small engine manufacturing markets, among others.

## *What To Expect*

Through group discussions, media presentations and live machine demonstrations, seminar attendees are exposed to It.Te.Di.'s and Ingersoll's wide range of metal-cutting products and technologies. Our team of experts is dedicated to providing detailed information as well as practical application instruction, enabling our customers to optimize tool performance and maximize their productivity

- High Speed machining of Aluminum with PCD and Carbide
- High Speed machining of Gray Cast Iron with CBN, Cermet and Carbide
- Tight Tolerance Precision Holemaking
- High Speed Drilling of Aluminum and Cast Iron
- PCD and CBN Grade Selection
- Live Machine Demonstrations
- Q&A Sessions
